

paceval_deleteLoggingMemory

```
graph LR; A[paceval_deleteLoggingMemory] --> B[paceval_lockGlobalVariables<br/>MutexObject]; A --> C[paceval_unlockGlobalVariables<br/>MutexObject];
```

A flowchart with a single source node on the left and two target nodes on the right. The source node is a gray rectangle containing the text 'paceval_deleteLoggingMemory'. Two blue arrows originate from the right side of this node. The top arrow points to a white rectangle containing 'paceval_lockGlobalVariables' and 'MutexObject' on two lines. The bottom arrow points to a white rectangle containing 'paceval_unlockGlobalVariables' and 'MutexObject' on two lines.

paceval_lockGlobalVariables
MutexObject

paceval_unlockGlobalVariables
