

paceval_InitializeLibrary

paceval_ReadParametersFromXML

pacevalLibrary_ReadParameters
FromXML

```
graph LR; A[paceval_InitializeLibrary] --> C[pacevalLibrary_ReadParameters FromXML]; B[paceval_ReadParametersFromXML] --> C;
```

The diagram illustrates a mapping from two external functions to a single library function. On the left, two white rectangular boxes with black borders contain the text 'paceval_InitializeLibrary' and 'paceval_ReadParametersFromXML'. On the right, a larger gray rectangular box with a black border contains the text 'pacevalLibrary_ReadParameters FromXML'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both external functions are implemented by or mapped to the library function.
