

paceval_InitializeLibrary

pacevalLibrary_Initialize

paceval_setInitializeLibraryDone

```
graph LR; A[paceval_InitializeLibrary] --> B[pacevalLibrary_Initialize]; B --> C[paceval_setInitializeLibraryDone];
```

The diagram illustrates a three-step process for library initialization. It consists of three rectangular boxes arranged horizontally. The first box, labeled 'paceval_InitializeLibrary', is white with a black border. A blue arrow points from its right side to the second box, labeled 'pacevalLibrary_Initialize', which is also white with a black border. Another blue arrow points from the right side of the second box to the third box, labeled 'paceval_setInitializeLibraryDone'. This third box is shaded gray with a black border, indicating it is the final step in the sequence.
