

paceval_InitializeLibrary

paceval_SetCallbackUserFunction

pacevalLibrary_SetCallback
UserFunction

```
graph LR; A[paceval_InitializeLibrary] --> C[pacevalLibrary_SetCallback UserFunction]; B[paceval_SetCallbackUserFunction] --> C;
```

The diagram illustrates a mapping from two source functions to a single target function. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'paceval_InitializeLibrary' and the bottom box contains 'paceval_SetCallbackUserFunction'. Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right. This gray box contains the text 'pacevalLibrary_SetCallback' on the top line and 'UserFunction' on the bottom line. The arrows indicate that both 'paceval_InitializeLibrary' and 'paceval_SetCallbackUserFunction' are associated with or map to the 'pacevalLibrary_SetCallback UserFunction'.
